Testing Facilities Available at the Plant list as follow:

●Weld Test : 5 nos of LPI kit available for welding Test .

● Dimension Inspectio: For dimension inspection all measuring equipments & facilities are available as

1. Measuring tape of 5, 15 & 50 meter
2. Weld gauge 25 mm range
3. vernier Caliper 200 mm range
4. feeler gauge
5. Digital thickness gauge

● Blasting Inspection: for surface cleanness inspection we have surface profile gauge & one set of press-o-film test kit. also we have digital conductivity meter for surface temperature measure.

● Paint Inspection: Coat meter available for DFT check & one set of adhesion test kit.

Testing Facilities Outsourced:

●UT, RT, MPI are outsourced as per job requirement.
